Call to order: 3:27 PM, 1st motion, Whitli Pridemore, 2nd motion, Nichole Glasser

The committee approved the prior minutes and started reviewing the budget for the Elementary District Activity Accounts. Mrs. Dornon suggested that we look at the accounts towards the end of the year to see if we can use the money to purchase some of the web based programs such as Reading Eggs and IXL. This year's textbook money was used to purchase these programs.

Mrs. Dornon discussed the program assurances with the committee. The program assurances deal with the program reviews. These include arts and humanities, writing, and practical living. The committee reviewed the Family Resource Assurances, which state that the principal adheres to the needs of the program. For instance Mrs. Carey and Ms. Holmes have an office at the front of the school.

The committee discussed making a school fee. This fee would be for students kindergarten through fifth grade. The cost would be \$15 for students kindergarten through second, and \$30 third through fifth. If the students receive free or reduced lunch, then the school fee would be \$10.50 for students kindergarten through second, and \$21.00 third through fifth.

There will be a rough draft for the Site Base Speaking Policy at the next meeting. The committee has discussed what they want in the policy. If anyone would like to speak at a meeting they must first have prior approval. The members will come up with a form that must be filled out with information regarding what they wish to speak about. There must be a time limit, which should be between two and five minutes. The discussion at the meeting should be confidential to the students and staff.
