**Fairview Child Nutrition Program
Mission Statement**

*“It is the mission of the Fairview Independent Schools
Child Nutrition Program to make a significant contribution to the
general well-being and learning ability of each
student.*

*This will be achieved by providing students with wholesome,
nutritious and appetizing meals, served in a
courteous manner, in a sanitary and pleasant
environment.”*

School meals play a critical role in helping children learn how to lead healthy lifestyles. The new standards ensure that children have the energy they need to learn in class and be physically active, while reducing their risk for obesity, diabetes, and other serious chronic diseases. The standards are based on the *Dietary Guidelines for Americans* as well as the recommendations of the *Institute of Medicine*—an independent panel of experts in health, nutrition, school food service, and economics.

Under the new science-based standards, school meals are “right-sized” and reflect the appropriate balance between food groups. In addition to lower-fat dairy and leaner proteins, the new school meals offer more whole grains and nearly twice as many fruits and vegetables at lunch. This results in more nutrient-dense, filling meals within age-appropriate calorie requirements.

After School Dinner Program

Our dinner program provide a much-needed service to our community. Our dinner program give children a safe place to go after school and nutritious food that give them the energy they need to concentrate on homework and join their friends in physical, educational, and social activities.

Good Nutrition Feeds Successful Learning

Physical Activity & Achievement

Schools play a crucial role in influencing physical activity behaviors. Sound curriculum, policies, and facilities create an environment encouraging students and staff to engage in a variety of physical activity opportunities. Evidence supports a correlation between SAT scores and the physical well-being of students.

School Physical Activity Environment Assessment

Program/ Activity	Elem.	Middle	High
Provide daily recess	100%	N/A	N/A
Provide at least 150 minutes of physical education per week	100%	Rotation	N/A
Provide classroom physical activity integrated into each day	100%	Rotation	N/A

In accordance with Federal Law and U.S. Department of Agriculture policy, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age, or disability.

To file a complaint of discrimination, write USDA, Director, Office of Adjudication, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410 or call toll free (866) 632-9992

Individuals who are hearing impaired or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339; or (800) 845-6136 (Spanish). USDA is an equal opportunity provider and employer.

National School Lunch

The National School Lunch Program (NSLP) was conceived in 1946 as a “measure of national security to safeguard the health and well-being of the Nation’s children.” School districts receive federal reimbursement for each school lunch served that meets the United States Department of Agriculture nutrition guidelines. These guidelines promote meal quality while commodity donations help the farmer and help schools keep down meal cost.

Community Eligibility Option (CEO)

As an overview, the CEO provision will allow eligible schools to provide meal service to all students at no charge, regardless of economic status. The CEO provision is directed toward high-poverty areas. The high-poverty determination is based on the percentage of households within a school who are directly certified. Under CEO, a school is eligible to participate if at least 40 percent of its students are directly certified.

The table below provides a synopsis of the Fairview Independent Schools Child Nutrition Program, including participation and financial data.

Total Federal Reimbursement	\$ 410,729.30
State Matching Funds	\$ 4,508.67
Lunch Reimbursement	\$ 291,948.82
# Schools Participation	2
Total Lunches Served	95,386
Avg. Daily Participation	71%
Balance July 1, 2016	\$69,724.16
Balance June 30, 2017	\$131,459.63
District Wide CEP	92.2%
Adult Lunch Prices	\$2.75

Food Code Inspection Reports

Kentucky State Law requires that school foodservice establishments are inspected bi-annual based on a SY calendar. Score 1-100 with 100 being an excellent rating.

Fairview High School

08/26/16 Score 98 no critical violations
02/02/17 Score 93 no critical violations

Fairview Elementary School

08/25/16 Score 99 no critical violations
03/20/17 Score 99 no critical violations

National School Breakfast

The School Breakfast Program (SBP) was established in 1966. School districts receive federal reimbursement for each school breakfast served that meets the U.S. Department of Agriculture's nutrition guidelines. Studies show that children who participate in the School Breakfast Program have significantly higher standardized achievement test scores than non-participants. Children with access to school breakfast also had significantly reduced absence and tardiness rates.

Federal Reimbursement	\$117,599.70
# Schools Participating	2
Total Breakfast Served	60,557
Avg. Daily Participation	45%

Afterschool Snack Program

Federal Reimbursement	\$ 1,180.78
# Schools Participating	1
Total Snacks Served	1373

Dinner Program

September 2016– May 2017

Federal Reimbursement	\$ 47,453.09
Total Meals Served	14,005
